OBJECTIVE

I'm a dedicated, punctual, organized and methodical person. Some of the traits I possess are good interpersonal and technical skills, great team worker and fast learner. I'm willing to learn, develop new skills and seek new responsibilities. I'm also self motivated and passionate with my work or tasks. I can cooperate with the team, also work individually as I can adapt fast in most environments nor the situation. I'm currently looking for a job opportunity but mostly in ICT Internship in software engineering, web development or any related field where I can apply my skills and knowledge to contribute on a dynamic team and gain hands-on experience in professional setting. I have active approach to work and getting things done.
